

PriceCube By Talysis

The UK's Most Advanced Pricing Intelligence Platform

Fast. Precise. Actionable.

PriceCube is your **always-on** pricing intelligence engine. It gives you **clear visibility** over how your products are priced across channels, customers, competitors, and markets – helping you **act faster, protect margins, and price with confidence**.

Competitor Price Tracking

Continuous monitoring across retailers, marketplaces, and B2B platforms.

Pricing Alerts

Configure alerts for unexpected price moves or margin risks.

Promo Intelligence

Know when products go on sale – and how deep – before losing share.

Customer-specific Pricing

Stay aligned across groups, B2B partners, and negotiated accounts.

New Listings & Stock Flags

Spot new product listings instantly and identify stock issues that may impact pricing.

Custom Reports & Dashboards

Excel, PDF, or interactive dashboards - whatever works best for your team.

Uniformed Product Hierarchy

A consistent product structure across all retailers for clean, accurate comparisons.
